PRINCIPAL'S MESSAGE

Greetings, CTES Families!

As we close out May, we have just a couple weeks left for this school year, but they are packed with fun learning and exciting events! We hope you can join us for some of them! Please check the "A Look Ahead" section on the next page and be on the lookout for RSVP letters to come home. We like to pre-print badges to reduce your wait time so thank you for partnering with us. As always, please have a photo ID when you visit.

Summer is a perfect time to relax with friends, fit in routine appointments, and vacation with family! As soon as the first day of the 2019-2020 school year is determined, we will let you

know. Summer is also an important time to continue reading and practicing math facts. Our students have worked really hard this year trying to increase their reading levels and increase their recall of addition and multiplication facts. And they have really met with success!! By simply practicing these fun activities over the course of the summer, your child can not only maintain current progress, but can continue to grow! Don't let the summer slide bring your child down. Include time for reading and math so your child can return with confidence and pride!

Thank you so much for your partnership,
Shandra K. Patrick, Principal
