410-887-7505

Fax: 410-887-7555

We are happy to announce that we will be continuing our participation in the Baltimore County Clean Green 15 initiative at Chesapeake Terrace Elementary. Our cleanup participation is tallied in 15 minute increments. We are encouraging students to participate both at home and during the school day. Not only we will make a huge positive impact on the environment around us, we will be eligible to win grants and prizes for the school to help us with this endeavor.

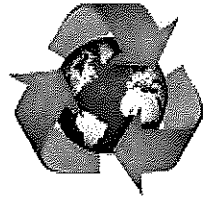

Clean Green Chessie Machine is also an excellent choice for a “We Can” project!

Our students and their families can participate at home by performing community and neighborhood clean ups during the summer, over the weekend, or in the evening. For those families that have middle or high school students, the time spent during cleanup can be credited to their required 75 Service Learning hours. A participation verification form can be found on the back of this flyer. This form should be completed for Chesapeake Terrace Elementary students, as well as, middle and school students. Additional forms can be obtained at the school office.

We would like to thank our families for their participation and encourage you to take pictures of your efforts and email them to sakehurst@bcps.org or lkotecki@bcps.org. Please be sure to log your participation over the summer and return the completed logs to the school office at the start of the school year. We will be awarding prizes to our top participants. You can follow our progress on twitter [@CTES_BCPS](https://twitter.com/CTES_BCPS).

Developing Lifelong Learners Through Literacy
