Here's the
SCOOP!

Your child has been working very hard in class. Here is a look at what we will be learning!

Reading: Wonders Unit 10- How Things Change

*What happens when we work together?

*In what ways are things alike? How are they different?

*What ideas can you suggest to protect the environment?

*Important skills- main idea, key detail, and major events, make, confirm, and revise predictions, similarities and differences between two texts, retelling facts and events, compare and contrasts within texts

Phonics:

Letters and Sounds: long vowels- e and u with the silent e (i.e. Pete, cute)

Sight words: good, who, five, come, does, be, but

Isolating beginning, middle and ending sounds

Short and long vowels

Blending and segmenting sounds

Handwriting

Writing:

*Writing a narrative

*Adding more description

Math: Unit 7- Counting and Data Analysis

*sort, classify and categorize objects

*using numbers, pictures, and words to represent a quantity

* composing and decomposing numbers within 20

*developing strategies for solving addition and subtraction story problems
