## 4th Grade News

### What are we learning this month?

#### English Language Arts

We have started Unit 5. The students are analyzing a variety of genres in which the authors present similar information on the same topic. We will be exploring the topics of Space, Civil Rights and Native Americans. In Word Work we will learn about vowel teams, r-controlled vowels and -le.

#### Mathematics

The students are starting the Decimals, Data, and Measurement Unit in Math. Students will discover the relationship between decimals and fractions, as well as how to create and analyze data on a line plot.

#### Science

Fourth grade students are in a new unit called Rubbish Rescue, which is all about different types of energy and transference of energy to other objects. The students are super-excited to design a device that can be used to clean up the athletic field from litter.

#### Field Trip to Annapolis

Our trip to Annapolis was fabulous! The weather ended up being nice and we had the opportunity to watch formation at the Naval Academy! Thank you to all of our parent volunteers! We could not have done it without you!!

Congratulations to the 4<sup>th</sup> Grade Purple Paw Pride Weekly Winners!
